Borden Gov't. Humbugging West For C.P.R.'s Benefit

(Continued From Page One)

The railway companies had then served admitted the complaint. The counsel for the companies made the defense that rates in Western Canada were not higher than in the United States. The Western States, but the member for Regina contended that their companies were inclusive since the rates from little out-of-the-way villages were compared with the rates at Winnipeg and other Western Canadian cities where there was a tremendous traffic.

Last Sitting of Commission. The last sitting of the commission on January 7 of the year at which it was held, continued for the government, stated that the preparations of the case were going on rapidly. Nothing had been heard of it since, however, for the government having apparently been doing nothing and everything left to the counsel for the two Western provinces. The blame, said Mr. Martin, must come into the government.

He referred to the Regina freight rate case which was of a similar nature and was pending for two or three years. The railway commission had ordered new rates from which the companies appealed to the Supreme Court. The commission was upheld but the companies, said Mr. Martin, while they had furnished a new schedule, had certainly not complied with the intent of the court. He pointed out that delay meant loss to the companies and millions out of the pockets of the Western people.

Great Loss to West. It had been said by the chief of the C.P.R. on the 11th of June that a year's delay would mean a million and a half loss to the West and a million and a half gain to the East.

The present case was very much more far-reaching than the Regina case, and would mean millions in loss to each of the Western provinces. The commission government through its inaction, contended.

Mr. Martin thought it was strange that the Western provinces did not take more interest. They could not be held to the Western railway for their goods and property. He pointed out that the rate now existing on several staples in the West was higher than in the United States. He thought that one of the great evils of the West was the loss of money from the West to the East. He thought that one of the great evils of the West was the loss of money from the West to the East. He thought that one of the great evils of the West was the loss of money from the West to the East.

Not Criticizing Commission. Mr. Martin said he did not intend to be considered critic of the action of the railway commission.

That issue has been taken in a sacred position in the eyes of the people but if they are to be forced with the next two or three years in regard to freight rates it will lose its prestige. He hoped that this question would be taken up by the government. He thought that the government was not doing its duty. He thought that the government was not doing its duty. He thought that the government was not doing its duty.

PRISONER ESCAPES FROM THE HOSPITAL

Fred Dombrowski, sentenced to six months for jewelry theft, made successful escape from General Hospital—Police searching for him.

A sensational escape was made by Fred Dombrowski, a prisoner under sentence for burglary, from the General Hospital in the small hours of yesterday morning. The prisoner, who was in the hospital for a number of days, made a dash for liberty at a time when all the inmates of the hospital were soundly sleeping, and as his escape was made escape practically unnoticed, his flight was not hindered in any great degree.

There were two nurses in the ward at the time, which was 12.30 a.m., and they saw Dombrowski passing out of the ward in the direction of the lavatory, and when they saw him they called to him. Fully fifteen minutes had passed before they noticed that he did not return, and at length the alarm was given. It was found that his escape had been made.

Detective Mechin was in charge of the search.

When daylight came the search for the prisoner went forward with double vigor. What in the dark was believed to be a trail of blood along the hallway, which was followed by a search party, but no trace of the prisoner was found.

One Passenger Escaped with Him In Revolver Duel and Is Shot

ROBBER ESCAPES WITH LOOT OF OVER \$1,500.

Believed to Have Been Wounded By Bullets From Passenger's Gun

Kansas City, May 2.—A lone robber, who boarded a Kansas City Southern passenger train No. 5, at the depot here, fired up and robbed the passengers soon after the train started early this morning, securing about \$1,500 in money and jewelry. Jesse E. Short, of Joplin, Mo., one of the passengers, engaged in a pistol battle with the robber and both were shot. Short being dangerously wounded.

When the train was about to start, the robber was seen to throw up his hands he began firing at the robber. The robber returned the fire and Short soon fell. The robber also hit by a bullet, fearing resistance, jumped from the train and ran. The wounded robber left a trail of blood as he fled, but he was not followed.

Physicians attending Short say he will recover unless unforeseen complications arise. Conductor Gibson said the robber fired from the left hand and the right hand and the man in the pulchra suit and on the platform from which he was fired.

When daylight came the search for the robber went forward with double vigor. of the Day

By Bulletin Leased Wire.
Lexington, May 2.—A two hundred to one shot, winner of the most striking feature of the day's events at the track here. This was in the first race, when Silver Bill, which has never been considered beat out such good ones as McCorkle, Bright Stone, Anna Patricia and Hares.

In the handicap, Rudolph was the expected winner and indeed, with Princess Callaway and Amy Post, both within the money, had long regarded possible contenders, while even the two that ran behind had a number of admirers, so that the race was one of the most interesting of the meet to date.

Cricket Season Opens :- S.O.E. and Strathcona Draw

HERE THEY ARE—EDMONTON'S PENNANT WINNERS

The Edmonton Cricket league will open its season this afternoon with three games scheduled. All three games will be played at 2.30 sharp. The Edmonton Cricket club and Wanderers play at the East End Park. The latter will leave the corner of Jasper and First at 2 o'clock. Hudson's Bay vs. Strathcona will be the program at the south side grounds. Players meet at H.B. store at 2 p.m. sharp. The following are picked to be on hand: G. Neal, L. Slater, J. Holmes, C. Goldman, M. Kimber, J. Jennings, M. Conley, L. Parker, R. Parker and C. Parker. Her-vey, A. P. Turner, J. West, J. Sutcliffe and J. Hampton. The 19th Alberta Brouns and North Edmonton will play at the west end grounds at the foot of Twenty-fourth street.

STRATHCONA
AND S.O.E.
PLAYED DRAW

Neither Team Was Able to Score
—Scenes Showed Evidence
of Strength

The Sons of England and Strathcona football teams played a scintilla draw at the south side grounds, a small crowd of spectators. The lack of numbers, however, was made up by the excellent display by those who were present. Both teams were well supplied with rosters along the line.

The class of football put up by the two teams was of a high order. The fans will likely have to wait a week or two before they see the real championship variety. By that time the players will be well conditioned.

In the first half the sons of England were the best team, but any chance they had of scoring was spoiled by weak work in front of the nets. The fine work of Goulkeizer later in the game for the Sons was also a heartbreaker to the Strathconas. He turned aside a number of shots which were dead on and appeared to be labelled as counters. His kicking was also a feature of the game. On goal kicks he returned the ball in the middle of the field practice every time.

The black and red jerseyed men from across the river kept the ball in the vicinity of their opponents nets during the greater portion of the game. The corner kicks were frequent. Strathcona missed many beautiful chances in score on these kicks when they had practically their whole team massed in front of the goal.

The first half of the game was very slow and there was scarcely any time anything which resembled a score. Things moved up considerably in the second period and both goals were scored. At times, however, centre forward, and Neal outside left wing, were very effective on the forward line for the sonside, while Captain Hekeler played a steady, efficient half back.

Crockett was a tower of strength at centre forward for the Sons. With the aid of his sub-brother, the S.O.E. forward line would have presented a worthy appearance. Dykes and Hekeler did a lot of nice work in the vicinity of the nets.

Eric Crockett referred to the local league as he had in time. Goals, Baxter, full-backs, Dykes and Storey, forward, Hekeler and Wilson, half back, forward, Hekeler, Needham, Crockett, Merrick and Giles.

Strathcona: Goal, Hawkins; full-backs, Bissom and Lamb; halves, Hekeler, Hekeler and Deaton; forwards, Fawcett, Forrester, Hudson, Todd and Neal.

By Bulletin Leased Wire.
Pimlico, Md., May 2.—Under the most favorable auspices the spring meet began here today with an excellent card of sport. Gentry's colt finished in front at the end of the feature, the annual Marylandian, which was won by Dan Cotton, jockey, who was touted as a possible winner in third, with Newcomb as his first appearance since last summer's race at Fort Erie and Winton as runner-up.

First race, 3-year-olds and up, selling, \$100, six furlongs—Allen, Dan Cotton, won; Pop Gun, second; Racing Belle, third. Time, 1:14 1/5.

Second race, Maiden, 2-year-olds, purse \$100, four furlongs—Marn, won; Hoffman, second; Hanson, third. Time, 1:12 4/5.

Fourth race, the Inaugural Steeplechase, four-year-olds and up, selling, \$100, two miles—Dan Cotton, won; Newcomb, second; Jensen, third. Time, 3:15.

Fifth race, 2-year-olds, \$250 added, four furlongs—Gart, won; Mark, second; Pop Gun, third. Time, 1:14 1/5.

Sixth race, 3-year-olds and up, selling, \$100 added, one mile and sixteenth—Hekeler, won; Hoffman, second; H.B. store, third. Time, 1:15.

Team at Diamond Park

The Grybids' practice yesterday afternoon was not of much value to the team. The Olympics, who were scheduled to play the professional team, failed to show up and a "scrub" picked up among the crowd in the grandstand volunteered to take the field against the pros. Wilhelm, aggregation simply toyed with their opponents, defeating them in a score of 15 to 2 or somewhere in that neighborhood. The Grybids simply walked around the bases.

It is possible that Manager Whisman may fall off this afternoon's game with the Talons and substitute a stiff batting and fielding crew, as the efforts of the amateurs against the pros so far have been ridiculously weak.

"Lefty" Heinrichs drifted into last yesterday and was down at the ball yard throughout the game, although he was not in uniform. Heinrichs was in great shape and ready to go in and pitch the heating game, if he is called upon. Whisman will replace either Clayton or Dickinson, as he has had an opportunity to observe these two in practice during the past two weeks.

Walter Ford turned the entire game for the Hinks yesterday. He showed considerable speed and ought to have a good season with the team this year. Toward the end he eased up and grooved the ball for the "scrubs."

Manager Whisman received a letter from catcher Starki yesterday, who is in the Diamond Park game. He is in the Diamond Park game. He is in the Diamond Park game. He is in the Diamond Park game.

The Calgary Branch will likely be home Sunday night for the big game on Monday afternoon. Reports from the north-west indicate that the Bronks have not had any more success in getting into shape than the local team.

RED SOX VS. Y.M.C.A.

The Red Sox baseball club of the south side will play the Y.M.C.A. a friendly game at 2 p.m. this afternoon at the south side grounds. JEFF TESREAU
IS AWAY TO
A BAD START

Giant's Big Slab Man Knocked
Out of Box in His Two Ap-
pearances This Year

Baseball is full of upsets, as the records show. Prior to the opening of the season fans confidently expected that Big Jeff Tesreau of the Giants would start right off the post and pile up a string of consecutive victories. Instead, McCraw's man-meat spit-baller drags the opener to the Boston Braves, getting driven from the slab while dropping it, and then, as his first appearance, a relief role, allows the opposition to come from behind and win.

Tesreau undoubtedly will win a great number of games for the Giants this year and possibly may surpass his 1912 record. There is no record made in the fact that he cannot possibly equal, even though the season is still in its infancy. That record relates to home runs. Last year only one National League player made a home off Jeff's arm.

Of 214 innings, equivalent to 27 complete games, Tesreau's first two appearances on the slab this season he is believed for just seven stanzas and in that time was located for four batters. John Tjian was the lone National leaguer who clouted the circuit off Tesreau last season, the present Bostonian, then a Phillie, making his four-bagger in the game played on May 25.

The Home Run Hitters.
Tesreau this year will hit Harter, who used to be Babe Marquardt's catcher when the ball porters were with Canton, and 2. Carlini, who has played for the Boston Braves, in which Tom Tesreau whiffed him three.

Despite the fact that Tesreau has had two home runs made off him in less than one full game, and undoubtedly will remain on the slab today all season and will receive the consolation of the jury of experts serving on the Chalmers car award for the National league's best player.

Certain pastimes start brilliantly when a pitcher is hit. When a pitcher goes away to a grand start in 1912 at the expense of a pitcher was Jack Sprague, then third baseman of the Boston. The records show that for the first time in his career he was hit by a home run and all were obtained off Grover Cleveland Alexander of the Phillies. When the season ended Alexander was the strike out king of the National league and earned what was the highest salary then in June.

46 Acre Blocks, one hour's ride by train from Edmonton. The very best "grit" black loam for gardening, and top soil is exceptionally deep. The land is located adjoining a fine large lake, with beautiful

ing, shooting and boating. This lake is two miles square and people who have lived on land we are selling claim tomatoes and cucumbers can be ripened, claiming the lake counteracts the frost. Located two miles from railroad town. You

the price of five acres in the close vicinity of Edmonton. Besides, you have a certain immunity from frost, owing to the lake. You have the very best soil to be obtained anywhere for market gardening, being a very deep gritty black loam, being a soil that matures crops very early and growing the very best quality of crops.

Look at Our Price and Terms.

Every 40-acre block has some timber enough for firewood, and some have considerable land under cultivation. By intensive farming you can make more money on one of these 40-acre blocks than you can growing grain on 160 acres. Your investment will be less. You will need var-

acres when we can sell you 40 acres for less money and on easier terms? The land is all high and dry. There is not enough on the entire tract; there is nearly a mile lake frontage and there is not enough on the land or anywhere along the entire lake frontage. See us about this
